

## Suggested Itinerary: Skyrail Rainforest Cableway and Kuranda Scenic Railway, full or half day tour

### Suitable for groups of all sizes, partner programs, pre and post-touring

The Cairns and Great Barrier Reef region is the natural place to meet. Combine Skyrail Rainforest Cableway and Kuranda Scenic Railway to provide a flexible and unique day tour experience for your group.

Ideal for conference and incentive group programmes, as well as pre or post-touring and partners programmes, these two 'must do' attractions provide a spectacular day tour through Barron Gorge National Park and Australia's World Heritage listed Tropical Rainforests.

### Your Experience

Glide just metres over the canopy of Australia's World Heritage listed Tropical Rainforest on Skyrail. Two mid-stations, Red Peak and Barron Falls, provide the perfect opportunity to explore and learn more about this ancient environment. Ranger guided tours are available on the boardwalk at Red Peak station whilst at Barron Falls station, you can visit the Rainforest Interpretation Centre.

Kuranda Scenic Railway is the original scenic rail journey to Kuranda, travelling over bridges and through tunnels hand-made by North Queensland's pioneers over 120 years ago. Traversing the World Heritage listed rainforest of the Barron Gorge National Park, this is one of the world's great railway journeys.

Kuranda, known as the 'Village in the Rainforest', has numerous attractions including a butterfly sanctuary, colourful bird aviary, Koala park and a thriving market community. Kuranda itself houses an interesting array of shops, art galleries, cafes and restaurants. The local area is fringed with fascinating rainforest walking tracks and the picturesque Barron River. Skyrail's Kuranda Terminal is located in the Kuranda village.

### Inclusions

- One-way Skyrail Rainforest Cableway
- One-way Kuranda Scenic Railway\*
