The indigenous people of the rainforest share their culture while your group explores the park with interactive demonstrations of hunting, didgeridoo playing, bush tucker and dances by the award-winning Tjapukai performers. Modern audiovisual techniques add to the wonder of Aboriginal traditions dating back over 40,000 years.

Skyrail's qualified Rangers will meet, greet and accompany your group (we recommend a ratio of 1:20 Ranger to passengers) on a friendly guided tour of the Skyrail Rainforest Cableway experience. Guests will be escorted on an intimate tour through the lush rainforest at Skyrail's two rainforest mid-stations, including the unique flora and fauna at Red Peak Station and spectacular lookouts and the Rainforest Interpretation Centre at Barron Falls Station. Skyrail's Rangers will be on-hand throughout the experience to answer questions and unlock the mysteries and secrets of Australia's Tropical Rainforests.

2:30pm - Free time to explore Kuranda Village

Kuranda, known as the "village in the rainforest", has numerous attractions including a butterfly sanctuary, colourful bird aviary, Koala park and a thriving market community. Kuranda itself houses an interesting array of shops, cafes and restaurants. The local area is fringed with fascinating rainforest walking tracks and the picturesque Barron River. Skyrail's Kuranda Terminal is located in the Kuranda village.
